Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The following amendment was approved in a phone interview with Matthew Lestina (Registration Number 44437) on February 21, 2007.

The application has been amended as follows:

In Claim 1 lines 12-13 please **delete** "the configuration management unit managing a status report/record position of the primary unit of the backup unit" and **insert in its place** "the configuration management unit being adapted to designate which backup unit is for each primary unit, the configuration management unit also being adapted to manage which backup unit corresponds to which primary unit".

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Specifically, Miyao ('236) teaches a multiprocessing system wherein when a processor fails the operation can continue temporarily on the remaining processors until the replacement of the entire set.
